## OPEN CALL SONOR APULIAE || TARANTO SONORA

### What's about it?

SONOR APULIAE - TARANTO SONORA - is a thematic workshop finalized to build together a happening based on the sounds of the old city of Taranto. We will form a working group and for about a week (6 days), with digital recorder, we will sample the old city using the "listening points" selected to achieve a sound map available online and also a movie of video art that will be distributed through channels communication of 'Taranto Sonora' and its partners. All this is based on the principle of soundscape composition. According to Murray Schafer,, sounds on environment since the beginning of history of man are not only cultural and social values but possess a cosmic nature. On this basis the work of sound mapping, which will be built in the workshop through the practice of "walking neighborhood" in the old city of Taranto, tries to build, piece after piece our soundscape composition. After sampling the work, and meetings on the concept of "soundscape" and "improvisational methods" by a small ensemble (the working group will be established) it will run a happening in the final attempt to unite video art, experimental music and informality of the artistic gesture., according to 'idea of multimedia by known composer John Cage, avant-garde musical pioneer in this century.

### When? For whom?

SONOR APULIAE – TARANTO SONORA -

It 'a workshop open to all those who intend to spend a week of their holidays (from 11<sup>th</sup> august to 17<sup>th</sup> august) working on a project that will combine SounDesign, musical experimentation and active citizenship in order to produce a sound archive online (sound cards) of the old city of Taranto and a final performance f based on the work sampling done during the week of workshops to be held at the "Cooperativa Sociale Robert Owen" in the countryside of "San Giorgio Jonico" , a town near Taranto.
